Professional Summary

B.Tech Information Technology student and Python Developer with internship experience building backend applications using Django, Django REST Framework, FastAPI, REST APIs, and PostgreSQL. Experienced in authentication (JWT, OAuth 2.0), unit testing, Docker, CI/CD, and integrating Scikit-learn machine learning models into backend services, with additional exposure to cybersecurity. Accelerated backend delivery by 25% and reduced production defects by 30%.

Technical Skills

Languages: Python, SQL, C++, JavaScript, HTML, CSS
Backend and Frameworks: Django, Django REST Framework, FastAPI, Flask, REST APIs, Swagger/OpenAPI
Machine Learning: Scikit-learn, Random Forest, Pandas, NumPy
Databases: PostgreSQL, MySQL, Supabase
Cloud and DevOps: Docker, AWS (EC2, S3), GitHub Actions, CI/CD Pipelines, Linux
Tools and Security: Git, GitHub, Postman, JIRA, Wireshark, JWT Authentication, OAuth 2.0
Concepts: Object Oriented Programming, Data Structures and Algorithms, System Design, Unit Testing

Work Experience

Perpex Remote
Django Developer Intern *08/2025 - 11/2025*

- Developed 8 Django backend modules using Python and Django REST Framework for authentication and user management, accelerating feature delivery by 25%; used reusable backend components, Git, and CI/CD pipelines to support development and deployment.
- Designed and developed 10 RESTful APIs integrated with PostgreSQL, reducing production defects by 30% through systematic unit testing and code reviews tracked via JIRA.

Centre for Development of Advanced Computing Remote
Cybersecurity Intern *06/2025 - 07/2025*

- Executed vulnerability assessments on 12 web application modules using Kali Linux identifying, documenting, and escalating critical security flaws through Git-tracked reports.
- Developed Python automation scripts to parse security scan logs, reducing manual effort by 35%; analyzed network traffic via Wireshark and documented 15 remediation findings.

Projects

RailSetu: Indian Railways Platform | Python, Django REST Framework, FastAPI, Scikit-learn, PostgreSQL, Docker 04/2026 - 07/2026

- Architected a three-tier IRCTC-style platform pairing a Django REST Framework API with a standalone FastAPI microservice serving three Scikit-learn models for waitlist confirmation, arrival delay, and learning-to-rank across 5,200 trains and 8,900 stations, reaching 0.93 R-squared and 0.86 ROC AUC.
- Built JWT and Google OAuth authentication, real-time price and seat alerts, automated PDF ticket generation, and a Groq-powered multilingual chatbot; deployed both services on Render with Supabase PostgreSQL and WhiteNoise static serving through a Docker-based CI/CD workflow.

Smart-Kissan: AI Crop Recommendation | Python, Django, Scikit-learn, Random Forest, PostgreSQL 09/2025 - 12/2025

- Developed a machine learning crop recommendation system using Python and Scikit-learn Random Forest, achieving over 95% accuracy on soil nitrogen, phosphorus, potassium, pH, temperature, humidity, and rainfall data for 186 crop types.
- Designed and developed RESTful APIs using Django REST Framework with PostgreSQL; implemented a hybrid rule-based scoring and zone detection engine for region-specific recommendations. Deployed at smart-kissan.onrender.com.

Education

Madhav Institute of Technology and Science Gwalior, India
Bachelor of Technology in Information Technology (CGPA: 7.20/10) *2023 - 2027*

- Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, System Design, Machine Learning, Web Security, Cloud Computing

Additional Information

Certifications: Artificial Intelligence and Machine Learning for Geodata Analysis (Indian Space Research Organisation); Cybersecurity Fundamentals
Achievements: Top Performer at Hacksagon 2026; Smart India Hackathon College Internal Round: 4th Rank (2025), 10th Rank (2026); Problems solved on LeetCode, CodeChef, and Codeforces
Leadership: President, Funtech Club: led 50 members and organized 6 technical events with a 4.5 out of 5 average feedback rating
Languages: English (Fluent), Hindi (Native)
